PLAN FOR SUPERVISION

- While you do not have to submit a Supervision Plan with this application you will need to ensure that a ‘Plan for Supervision’ is in place to ensure adequate supervision of the Level B Operator named on this form.
- In the event of an incident involving any Level B operator, WorkSafeBC will request evidence from you of a Plan for Supervision covering the Level B operator.
- By signing the Supervisory agreement the Employer agrees to ensure that the Level B operator is adequately supervised at all times while operating a crane by a person or persons who understands that they are responsible for supervising the Level B operator and are qualified and competent to do so.

AGREEMENT

Please note that a Level B Card is not transferable.

If you change jobs this Level B card becomes invalid and you must submit a Change of Employer application to receive an updated Level B Certificate. This is because a Level B Certificate is only valid when there is a plan for indirect supervision in place that is agreed to by all parties – trainee operator, supervisor and employer.
