

Coronavirus (COVID-19) Safety Precaution

Declaration for all Fulford Assessments

Fulford Certification is strongly committed to the health and safety of our employees, clients and communities. Fulford is implementing this declaration in accordance with Canadian guidelines to minimize the risks associated with COVID-19. This declaration must be signed by all clients that will be interfacing with Fulford employees.

I hereby certify that:

1. I do not currently have nor have I had in the last 24 hours any of the symptoms of an acute respiratory illness such as fever, cough, shortness of breath, or other flu-like symptoms, and I have not used any fever reducing or other symptom altering medicines.
2. In the last 14 days I have not knowingly been in close contact with a person known to have COVID-19 nor have I traveled outside the country.
3. If at any time I do develop symptoms or become aware that I came into contact with a person known to have COVID-19, I will immediately notify the Fulford assessor or contact the Fulford office at 604.398.5230.

Ensuring the safety of your employees and worksites is of critical importance to Fulford Certification. For this reason, during the course of your assessment our assessor will take charge of physical distancing requirements and ensure the assessment is carried out safely for everyone.

Assessment is a low risk activity as it takes place one-on-one and primarily outside with the assessor always more than two metres from the candidate. Our assessor will take charge of distancing protocols and will complement your current sanitization procedures by wearing gloves when appropriate and will avoid touching surfaces in your workplace unnecessarily. With our assessor taking responsibility for distancing protocols the candidate can focus on demonstrating competence on the assessment to the best of their ability.
