

TOWER CRANE OPERATOR

Occupation Description

“Tower Crane Operator” means a person who operates tower cranes (including luffing jib and articulated jib tower cranes) to perform lifts and hoist loads, and has experience with rigging practices and procedures.

For detailed information on the scope of knowledge and skills taught and assessed in this program refer to the Program Outline, available on the ITA website.

Pathways to Certification

In BC, an individual can become certified as a Tower Crane Operator by completing the Tower Crane Operator program or by challenging the certification. All crane operators must be registered with British Columbia Crane Safety prior to applying for ITA apprenticeship registration. Apprenticeship programs are for individuals who have an employer to sponsor them and challenge programs are for individuals who have extensive experience working in the occupation and wish to challenge the certification.

Youth can begin an apprenticeship in high school through the Youth Train in Trades or Youth Work in Trades programs. The Youth Work in Trades program is available for any trade if an employer is willing to sponsor the student. Trades offered through the Youth Train in Trades vary by region; contact your local school district to find out which technical training programs are being offered through the Youth Train in Trades program in your region.

Recommended Education

The following education is recommended for apprentices entering this occupation. These are not prerequisites, but rather a desired level of skill or knowledge that will contribute to success in the industry.

- Grade 12 or equivalent

BC Crane Safety Registration

BC Crane Safety registration is required for all crane operators in British Columbia. Registration forms are available on the BC Crane Safety website at www.bccranesafety.ca.

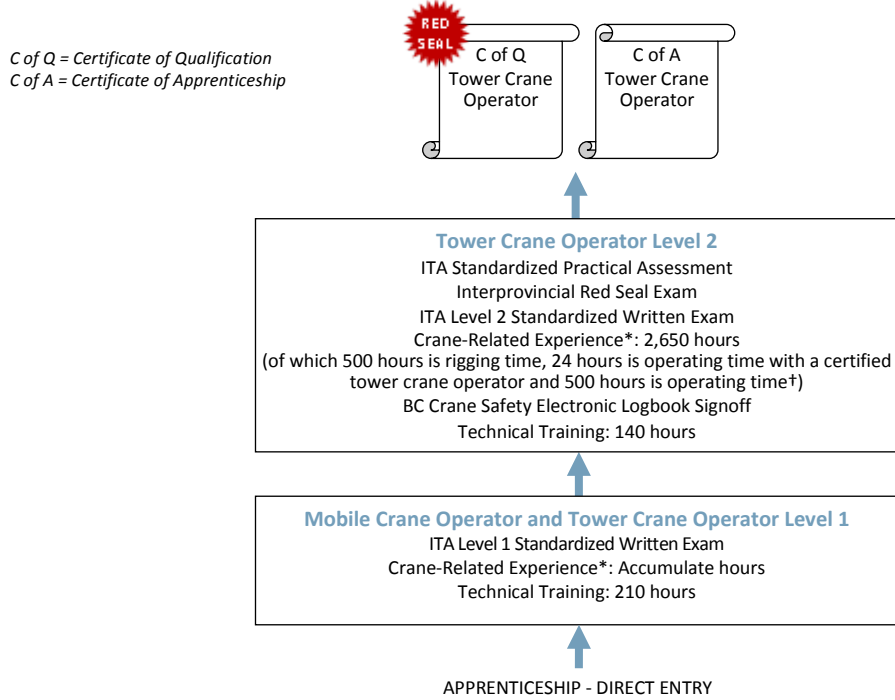

ITA Registration

Individuals who wish to begin an apprenticeship in this program must register with ITA along with their sponsor. Application forms for all programs are available from the ITA website. Online registration is also available for most programs through the ITA website.

Those who wish to challenge the Tower Crane Operator certification must complete the Tower Crane Operator Challenge Application and submit it to ITA. Challenge applications are assessed for proof of workplace hours and scope of experience prior to acceptance of the individual into the challenge pathway.

CROSS-PROGRAM CREDITS

Individuals who hold certification or partial credit in a crane program and plan to move to an alternate crane program

Apprenticeship Program Standards

- Credentials Awarded**
- Tower Crane Operator - Certificate of Qualification with Interprovincial Red Seal endorsement
 - Tower Crane Operator - Certificate of Apprenticeship

- ITA Registration Prerequisites**
- Agreement signed by the Sponsor to sponsor the apprentice

Completion Requirements Certification as a Tower Crane Operator is awarded upon successful completion of:

Requirement	Level of Achievement Required
Technical Training	Minimum 70% in each level of technical training: <ul style="list-style-type: none"> ▪ Mobile Crane Operator and Tower Crane Operator Level 1: 210 hours ▪ Tower Crane Operator Level 2: 140 hours
ITA Level 1 Standardized Written Exam	<ul style="list-style-type: none"> ▪ Minimum 70%
ITA Level 2 Standardized Written Exam	<ul style="list-style-type: none"> ▪ Minimum 70% ▪ <i>Note: Successful completion of the Level 1 Standardized Written Exam is required before attempting the Level 2 Standardized Written Exam</i>
Interprovincial Red Seal Exam	<ul style="list-style-type: none"> ▪ Minimum 70% ▪ <i>Note: Successful completion of the Level 1 Standardized Written Exam is required before attempting the Interprovincial Red Seal Exam</i>
ITA Standardized Practical Assessment	<ul style="list-style-type: none"> ▪ Pass ▪ <i>Note: Successful completion of the Level 1 Standardized Written Exam, the Level 2 Standardized Written Exam and the Interprovincial Red Seal Exam is required before attempting the practical assessment</i>
Work-Based Training	<ul style="list-style-type: none"> ▪ 2,650 hours <ul style="list-style-type: none"> ○ Completion of 500 workplace hours (documented time rigging) ○ Completion of 24 workplace hours (documented operator operating time with a certified tower crane operator) ○ Completion of 500 workplace hours (documented operator operating time)
Notification by BC Crane Safety that the Sponsor(s) has recommended certification of the apprentice in this trade	<ul style="list-style-type: none"> ▪ Electronic logbook which includes workplace hours signed off by the Sponsor(s)

Program Duration Duration varies depending on how training is delivered and the type and number of workplace hours that are accumulated.

The technical training requirement is typically met through block-release training (full-time, at school) delivered by an ITA-approved training provider. It can also be met through approved alternative training models (e.g., distance education, online, part-time) and/or level challenge where these options are available.

Challenging a Level The following levels of technical training can be challenged for advanced placement in this program:

- Mobile Crane Operator and Tower Crane Operator Level 1
